Spende für das Barbara Kelly Home in Indien

The Barbara Kelly Home is a residential centre in Chennai that was built and equipped by the ICT and UK Inner Wheel Clubs. It caters for severely disadvantaged girls who need intensive, personalised education to break out of discrimination, exclusion and poverty. It is one of the few residential programmes for girls in Tamil Nadu.

Many of the girls are from one-parent families living below the poverty line. As well as a sound education, the Centre gives the girls a safe environment in which to grow and develop. The girls' confidence and life-skills develop well here and most leave the Centre empowered and equipped for a self-supporting future.

Family contact and visits are of course maintained and encouraged throughout their time at the Centre. The centre also has a Vocational Training Centre which provides computer and tailoring classes for the Centre's residents and other young women from the community.

Der IWC Nürnberg-St. Lorenz unterstützt 2012 das Barbara Kelly Home mit einer Spende, die die Versorgung von 2 Mädchen für die Dauer eines Jahres erlaubt.
